## EDUCATION

### 1990-1996

#### UNIVERSITY OF COLORADO-BOULDER

- Bachelor of Arts-Geography
- Colorado Avalanche Information Center, intern, co-author paper for International Snow Science Workshop 1992

### 2022 - 2024

#### COLORADO MOUNTAIN COLLEGE

- GIS Certificate-May 2024 4.0 GPA

## SKILLS

- Project Planning and Management
- Outreach and Communication
- Collaboration-Representation in Yampa River Collaborative
- ArcGIS Pro/AGOL/Python
- American Avalanche Institute Level III Certification
- Field and technical experience
- Rosgen Fluvial Geomorphology Level 1-2 Certification
- Stream restoration experience

# SALLY CARIVEAU

## WATER PROGRAM MANAGER

### PROFILE

My career in snow and water science in the Yampa Valley has evolved to include community collaboration, involvement in water policy and education and landowner outreach. My passion for learning lead me to attain my GIS certification and teach at Colorado Mountain College . I am passionate about conservation, local water issues and continuous learning.

### WORK EXPERIENCE

<b>Western Resilience Center</b>	September 2023-Present
Water Program Manager	
<ul style="list-style-type: none"><li>• Yampa Basin Atmosphere and Soil Moisture Integrated Network (YBASIN) local coordinator of station network responsible for location sighting and repairs and outreach.</li><li>• Water Conservation Education for City of Steamboat Springs and Mount Werner Water and Sanitation District. Projects include Garden In A Box, Water Tip Wednesday Talking Green Articles.</li><li>• Community Collaborative Rain, Hail and Snow Network (CoCoRaHS) county coordinator.</li><li>• Yampa Basin Rendezvous steering committee 2026, 2026.</li></ul>
